

# Accessibility Plan

# Statement of intent

This plan outlines the proposals of the governing body of Ormiston Ilkeston Enterprise Academy to increase access to education for pupils with disabilities in the three areas required by the planning duties in the Equality Act 2010. These include:

- Increasing the extent to which pupils with disabilities can participate in the academy curriculum.
- Improving the environment of the academy to increase the extent to which pupils with disabilities can take advantage of education and associated services.
- Improving information delivery to pupils with disabilities which is readily available to other pupils.

The above procedures will be delivered within a reasonable time, and in ways which are determined after taking into account the pupil's disabilities and the views of the parents/carers and pupil.

In the preparation of an accessibility strategy, the LA must have regard to the need to allocate adequate resources in the implementation of the strategy.

The governing body also recognises its responsibilities towards employees with disabilities and will:

- Monitor recruitment procedures to ensure that persons with disabilities are provided with equal opportunities.
- Provide appropriate support and provision for employees with disabilities to ensure that they can carry out their work effectively without barriers.
- Undertake reasonable adjustments to enable staff to access the workplace.

The plan will be resourced, implemented, reviewed and revised in consultation with the:

- Parents of pupils
- Principal and other relevant members of staff
- Governors
- External partners
