Dear Parents/Carers,

**Re - Predicted Grades**

As many of our year 11 students will be starting the application process for the next stage of their education and will require their most recent predicted grades, we have ensured these are available on our Go 4 Schools platform.

To access your child's data, please select the following link - [www.go4schools.com](http://www.go4schools.com)

*If you have not accessed this previously, from the **Login** menu choose **Parents Login** and select **First Time User**. Please sign up using the email address we have registered at school and select **New Password**. This will generate a login email that should be sent within 5 minutes.*

Once you have logged in you will be able to access your child's End of Year 10 predicted grades by selecting 'Progress' from the menu to the left-hand side of the homepage.

Please note that attendance information in Class Charts and Go 4 Schools may show slight differences, this is due to how the systems work and when they update.

At OIEA we CARE about our students, and we CARE about their progress.

Should you have any questions regarding your young person's assessment data please feel free to contact their subject teacher or subject leader. Contact details for Curriculum Directors are shown below.
